**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I'm writing you to you today to urge you to pursue policies that will foster robust broadband competition. For years I've observed friends and family members being charged extremely high rates for nominally acceptable broadband service. 7 years ago I myself migrated away from ATT's overpriced service to a local provider and have been quite satisfied with the service, support and value.

Please maintain the current policies that maintain the current price regulations. ATT, Verizon currently make a staggering return on minimal investment. There's no need to accede to their deregulation efforts via USTelecom. Their pursued interests are in opposition to all US broadband users.

Regards,

David Surovell
